PRODUCT CATALOGUE

MediSupply is an established global supply chain with offices in the UK and Switzerland.

ABOUT US

- working with professional transportation partners for the supply chain
- Global joint venture stretching from China to the UK and Switzerland
- 3 production factories in China

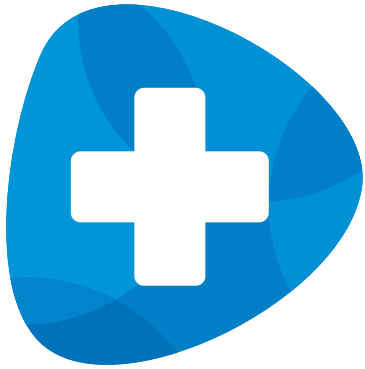

MediSupply is an established global supply chain with offices in the UK and Switzerland.

We act as a one of the largest European platforms for basic pandemic response items such as respirators, face masks and sanitizers and much more.

Our aim is to ensure these essentials continue to reach the global health system.

ALL ORDERS ARE TRANSPORTED WITH THE SWISS BASED COMPANY AIR SEA CARGO AG, WITH OVER 15 YEARS EXPERIENCE TO ENSURE THE SUPPLY CHAIN.

OUR PRODUCTS

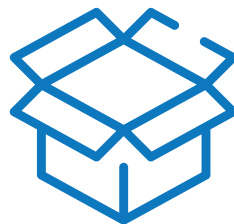

We act as a one of the largest European platforms for basic medical items such as respirators, face masks, gowns, sanitizers and more.

CURRENT PRODUCTION CAPACITY

- FFP2/KN95 Respirator without Valve - Art. 2201 - **1 MILLION PER WEEK**
- FFP2/KN95 Respirator with Valve - Art. 2202 - **200.000 PER WEEK**
- 3D FFP2 Respirator - Art. 2201a - **10 MILLION PER WEEK**
- Disposable Protective Mask - Art. 3301 - **2 MILLION PER WEEK**

Due to unprecedented global demand for PPE, we must prioritize our stock to public service institutions.

Normal delivery times are 7 - 10 days.
